# Smart Eye

Plus<sup>+</sup> *Feel Safe Every Second*

**2 in one**  
MDVR+GPS

**2 SD CARD**

Smart Eye Plus, a device approved by DLT, consists of two functions combined into one. These functions include Mobile DVR and GPS Tracking, which allows the device not only to track real-time location, but also to record audio and images. The device can monitor real-time movement as if you are sitting in the car with the driver.

**MDVR options**

**Roadside Camera**  
can be installed on all types of vehicles

**Infrared Cameras**  
can see anything in the dark, in and out of vehicles
